Previous minutes discussed			
Speaker: Alyson Moore from Time and Talents gave a very in depth and interesting talk on all that Time and Talents have to offer. They have sessions for elderly, young, lonely groups of people. Helping people to improve their well being and health. Alleviate loneliness. People can self-refer or just turn up. Practices can refer. They offer a befriending service. They also have space to let for functions and meetings. Currently they are offering a Level 1 Horticultural Course. They have taken over some of the green space around the old mortuary turning it into something special.			
Patient Forum Action Plan	For next meeting		
1 (SI) Building Update & Survey results	Still progressing, no updates at present		
3 (SI) Neighbourhood Group Update	NHS Southwark CCG is working with our five neighbouring CCGs (Lambeth, Lewisham, Greenwich, Bexley, Bromley) to develop a health commissioning strategy for south east London. The Our Healthier South East London programme, is launching an Issues Paper setting out why things need to change in the local NHS, some of our emerging ideas and considerations, and questions for the public and stakeholders to respond to. The issues paper can be viewed online at the CCG website. MD will be going to the next meetings. CS will try but due to work commitments may find it difficult.		
4 (SI) Albion Steering Group	Next meeting is at 2pm on 2 nd July, all are invited, currently nothing to report.		
5 Southwark Carer's	Southwark carer's have asked if they can attend another meeting. Consensus was that they gave a talk a few months ago so may be a little soon.		
6 Friends and Family	For May out of 5 responses only 40% would recommend this practice for the consultation they were asked to comment on		How can we promote more responses. Put up notices, be more pro active in asking patients to give feedback at
