

ALBION STREET GROUP PRACTICE NEWSLETTER SUMMER 2018

www.albionstreetgrouppractice.co.uk

We will be holding a Marie Curie Tea Party at Albion Street. (Date to be confirmed)

Travel Clinics Information

You need to contact us six weeks prior to departure otherwise it is unlikely that we will be able to offer you an appointment due to limited availability of clinics. Please complete the travel clinic form (from reception or our website) with your trip details and email address. You will be emailed with the advice and may contact reception to make an appointment if it is appropriate and provided by the NHS. You may need to go to an external travel clinic for your vaccines.

Malaria tablets are available on a private prescription, from online pharmacies or over the counter.

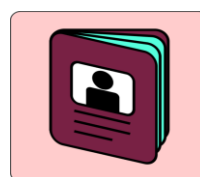

If you have a problem with MyGP app please contact them directly via the feedback section on the app or go to mygpsupport@iplato.net

We have no control over this app but your feedback will help improve it.

We would recommend that you register for online access via the Practice.

If you bring proof of address and photo ID you can register for this.

Online access allows you to view your blood test results, make appointments and request prescriptions online.

ANNUAL FLU CLINICS 2018

We will be inviting those of you who are eligible for the seasonal 'flu' vaccine to our **Saturday** walk in clinics which will take place on the **20th October** (adults only), **27th October** (adults and children) and **3rd November** (adults and children) between **9am-11am**. There are no appointments and it is a walk in service only which will be manned by a large team here at the practice.

Staff Update

Welcome to: Sadif our new reception and admin team leader.

Welcome to our new Junior Doctors

GP registrars: Dr Daisy Browne, Dr Jack Knight, Dr Pandora Frost & Dr Rose Howroyd who is a Foundation Doctor

We are pleased to be a training practice. The GP registrar is a fully qualified doctor who has completed 3 years of hospital training and is spending the last part of their training in a general practice. As part of their training they may ask to video their consultation with you. This requires your written consent and the tape will be destroyed after a short period (usually 3 months). We also supervise foundation doctors who spend a few months in general practice before returning to more hospital training.

Patient Participation Group

The PPG aims to be representative of our patient population and give constructive feedback to the practice on developing and improving services to patients. The group can be contacted directly at souccg.AlbionstreetPPG@nhs.net.

The next PPG Meeting will be held at the surgery in Tuesday 18th September at 6:30pm
Location: Albion Street Group Practice.

Minutes of previous meetings can be viewed at www.albionstreetgrouppractice.co.uk

SMEAR TEST:

**Saturday
Appointments are
available at
Bermondsey Spa
Medical Centre.
You can book
your appointment
via reception at
Albion Street.**

We will be closed between 1-4pm on the 3rd Thursday of every month for Staff Training

Just found out you are pregnant?

Did you know you can self refer to either St Thomas' or King's via their website or in person. Please self refer after your 7th week of pregnancy. If you self refer earlier than this you will not be seen any sooner.
